

Beavers Game Farm Habitat Netting

PIERCEVILLE, KANSAS

CASE STUDY

APPLICATION: GAME BIRD, AVIARY, AND ANIMAL PROTECTION

Pacific Netting Products was pleased to supply game bird netting to Beavers Game Farm during the redevelopment of their pheasant enclosure cages. Beavers Game Farm is in Pierceville, Kansas and is considered a premier pheasant farm. PNP worked collaboratively with the farm to select a net construction for the farm's site-specific needs. The netting provides the farm's birds with a year-round habitat that is bird-friendly, strong, durable, and capable of withstanding severe weather conditions.

INSTALLATION FEATURES

- Supra Dura Tough 2" x 2" 380/27 knotted black polyethylene netting
- Tensile strength 116 lbs.
